I can't stand straight
All over the place
Sour milk face
I'm visiting space a million light years from here
Look in the mirror
What did you see
You saw the same girl
It's not the same world that it used to be

You got nothing to say
But you're happy anyway

Dolly mixture kid
? ? ?
Such a pretty dress for a dirty fix
? ? ?
From all of those kicks
Dolly mixture kid

You wanna go out
But you can't face it
Gravity pulls and my head is full
I just can't sit still

I've got nothing to say
But I'm happy anyway

Dolly mixture kid
? ? ?
Such a pretty dress for a dirty fix
? ? ?
From all of those kicks
Dolly mixture kid

? ? ?
? ? ?
Another billion braincells
Can't count? ? ?

I can't stand straight
All over the place

Sour milk face
I'm visiting space a million light years from here

I've got nothing to say
But I'm happy anyway

Dolly mixture kid
? ? ?
Such a pretty dress
For a dirty fix
? ? ?
From all of those kicks
Dolly mixture kid

Such a pretty dress for a dirty fix
My head's still aching from all of those kicks

Dolly mixture kid
? ? ?
Such a pretty dress
For a dirty fix
My head's still aching from all of those kicks
? ? ?
Dolly mixture kid
