People are pushing by
Under the toxic sky
Another busy day
The summer city haze

I don't wanna be monday's child
I wanna leave this behind
Wanna be free and running wild
Don't wanna be monday's child
Don't wanna be monday's child

Brother is doing fine
Follows the dotted line
Everyone looks the same
On the electric train

But I don't wanna be monday's child
I wanna leave this behind
Wanna be free and running wild
Don't wanna be monday's child
Don't wanna be monday's child
Monday's child

Another monday's child
And a mother of monday's child

I don't wanna be monday's child
I wanna leave this behind
Wanna be free and running wild
Don't wanna be monday's child
Don't wanna be monday's child
Monday's child??
