A dank back room in Kensal Rise  
Is alright in summertime  
But as the daylight fades to gloom  
I wanna leave the room

Faithless apologies  
All broken promises  
Choking on emptiness  
That's all I ever get

Smoking wet cigarettes  
Smoking wet cigarettes  
Trying to smoke wet cigarettes

Two on a single mattress  
A semi-detachedness  
Electric blanket bedroom eyes  
Won't keep us warm tonight

Faithless apologies  
All broken promises  
Choking on emptiness  
That's all I ever get

Smoking wet cigarettes  
Smoking wet cigarettes

As I turn my collar up  
And run for the last bus  
An ashtray full of ifs and burnt out butts  
I know we said too much

Faithless apologies  
All broken promises  
Choking on emptiness  
That's all I ever get

Smoking wet cigarettes...
