The smell of soap and cigarettes
A litter bin of social debts
I never learnt I never learn
You've got to laugh I just get burned

Head in a vice, do it up tight
Bullets you bite, never tasted so nice
This is your life, would you like another slice?

Shockaholic
So bored of it
You can't stop it
Shockaholic

I curl myself into a ball
And then you kick me down the hall
I never learnt, I never learn

Head in a vice

Shockaholic
So bored of it
You can't stop it
Shockaholic

Shockaholic
Shockaholic
Chronic
Shockayholic
