You made me cry
When you said goodbye
You didn't even tell me all the who's
the what's the where's the reason why
Tell me how can it be that you don't love me
anymore

You promised me
Swore we would be
Together through the worse or better
For the now and the forever
And the in between
Tell me how can it be that you don't love me
anymore

(Bridge:)
I thought you were mine
I thought we were fine
How can it be that you don't love me anymore

I haven't changed
My love's the same
Now you're gone and movin' on and in
my heart the question still remains
Tell me how can it be that you don't love me
No how can it be that you don't love me
Darlin' how can it be that you don't love
me anymore

Hey yeah!
