I've got a feelin' deep inside
I've got a feelin' I can't hide... it's true
Just between me and you

It started in my heart and hasn't stopped yet
And I don't know how big it's gonna get... but it's true
It's just between me and you

Just between us, I've seen us
Together in all my dreams
And when we touch, it's too much
It's electricity
Just between you and me

Just you and me and a night like this
You take my breath with one sweet kiss... maybe two
Just between me and you

You can call it magic, you can call it love
Call it forever, say you're thinkin' of it too
Just between me and you

Just between us, I've seen us
Together in all my dreams
And when we touch, it's too much
It's electricity
Just between you and me

This is more than one woman and man
This is greater than the sum of the two

I've got a feelin' deep inside
I've got a feelin' I can't hide... it's true
Just between me and you

Just between us, I've seen us
Together in all my dreams
And when we touch, it's too much
It's electricity

Just between you and me
Just between you and me
Just between you and me
You and me
