Someday i may see you walking down a crowded street
Never even know that you and i were meant to meet
It's ve heard every heart is one that they were
meant to hold
When it's gonna happen baby only heaven
knows
It's a short lifetime
And love's too precious not to find
It's more than luck
If we're gonna meet and touch and love the
one that's meant for us

(Chorus:)

Only a prayer can reach you
Only angels wings can bring you
Only a prayer can make you mine
Only a prayer can reach you
That's how god knows i need you
Only a prayer can make you mine

Wonder what you look like
Wonder what you're gonna say
When at first our eyes meet
Will we know it right away
Are you in the cafe
Right across the avenue
And baby if you are
Are you thinkin' of me too
It's a short lifetime
And love's too precious not to find
It's more than luck
If we're gonna meet and touch and love the
one that's meant for us

(Chorus)

It's a short lifetime
And love's too precious not to find
It's more than luck
If we're gonna meet and touch and love the
one that's meant for us

(Chorus 2x)
