Happy's an emotion, it's not a thought  
It was spring but super man  
You know it's gonna get hot 'cause  
Everyone will wear them sells  
Rebel in the winter skin that's  
Been covered up too long  
Hidden like some called sin  
There will be freesbee and nakedness and lakes  
And hearts will be broken but  
New loves will earth shake  
Boy tounge to boy tounge  
It's sexy and you know it and  
Girl lips on girl hips  
It's perfect, can we show you that?  
And i have eyes i know that boy and girl fits  
Do we lay together? make a mess  
And then we shared love juice?  
One, two

Happy's an emotion, it's not a thought  
So kick back and praise  
Who ever you praise, praise then will rot and  
If you praise self you feeling  
The magnet is among those wealths who  
See one to be one and  
One times one is all hell  
I myself praise Kali  
She saw me, she's such a queen  
Super strong, smile and sure  
Gee, then she's a love machine  
One, two

Happy's an emotion, it's not a thought  
And when kicked back and  
And when and when and when and when  
And happy's an emotion it's not a thought  
It goes past the intellect to the valley  
Where it gets caught like a grain of sand  
That slides with the tide mark  
Caught like a panther in the zoo nowhere to hide  
Happy bubbles thickly brooms  
Of wideness to the eyes  
Happy is consuming like the big question why  
And happy takes over like an open summer sky  
And happy has no room for the melon Kali  
Sign to the grave if i die as this amism slave  
With the bowl of fruit with honey ends  
Some greens is all i crave to give
