'Cause one i can't stand The way you think you're somewhere Two i can't stand The way you think i'm nowhere Three i can't stand The "where i go?" glare More that you get for and Always unexact you think you're up there More that you get for and Always unexact you think you're up there More that you get for and Always unexact you think you're up there

I love your words are very well spent I keep track of them to document On the little ways on which i over I overspent myself but Up there is a wealth who fight bives Street attics to be there reclined And sigh must decide myself to Leaving you behind, you are Such a stiff sour lemon rind

Such a stiff sour lemon rind Such a stiff sour lemon rind Such a stiff sour lemon rind Such a stiff sour lemon rind Such a stiff sour lemon rind Such a stiff sour lemon rind Such a stiff sour lemon rind Rind, rind, rind Rind, rind, rind Rind
