rooftops are shaking under the pressure of days  
A shepherd in heaven herds the clouds  
A city shoots its lights into the night  
But strong is the night, great is her might  
CHORUS  
Those who got to bed, good night, good dreams  
I've been waiting for this time and here it is  
This time has come  
Those who ere silent started to talk  
Those who've got nothing to wait, mount their horses  
You won't catch up with them, no, not now

CHORUS  
Neighbors come, they complain they hear hooves  
clicking  
They can't fall asleep, it disturbs their dreams  
Those who've got nothing to wait for take off  
And those who were saved-they are safe  
CHORUS
