"Leave A Light On"

I'm alone, I'm alone and I'm waiting on an aeroplane
Is it me is it you, why does everybody look this way?
And it all begins again, like it all begins with something
different
The only way I feel, I feel, of you

Am I here, am I there, am I ever where I want to be?
Was it you? Was the truth ever reverent so silently?
And it all begins again, like it all begins with something
different
The only way I feel

Do we all fall down so strictly same less silencing the
fear?

So you're telling me to tell you something
Can this be the only way to feel?
Leave a light on
And I'm telling you to tell me nothing
'Cause you can't save me, so surreal
Leave a light on

So alone, so alone am I everything I'm going to be
Am I led, am I fed, am I holding on too silently?
Did it all begin with you? Does it all begin with
something different?
The only way I feel

Do we all fall down so strictly same less silencing the
fear?

So you're telling me to tell you something
Can this be the only way to feel?
Leave a light on
And I'm telling you to tell me nothing
'Cause you can't save me, so surreal
Leave a light on

And I do feel, and I do feel the only way I'm feeling...

Do we all fall down so strictly same less silencing the
fear?

So you're telling me to tell you something
Can this be the only way to feel?
Leave a light on
And I'm telling you to tell me nothing
'Cause you can't save me, so surreal
Leave a light on
