Another prostitute
Another killer
Goes down in history
Someone's hero
Another temptation
I know the crime
I know the cover up
I know the prison
It's everywhere I look
It's everything I see
Everytime I think about it
I know I'm as guilty
Is it ever so much
You've got to turn away
Sometimes I can't imagine
Going on another day
But I don't stop believing there's
Another way
Another nightmare
Another day away
Another pill
Another tear falls
Another denial
See it through you fake smile
Inside your card-board house
Ain't so pretty
It's everywhere I look
It's everything I see
Everytime I think about it

I know I'm as guilty
It's in everybody's face
It's in every handshake
Seems some love the imitation
Would rather walk away
But I don't stop believing there's
Another way
Another accident
Couldn't feel the danger
Living on a thrill
Someone's hero
Another kid missing

He was unforgiven
Robbed of his glory
And another tear falls
It's everywhere I look
It's everything I see
Everytime I think about it
I know I'm as guilty
Is it every so much
You've got to turn away
Sometimes I can't imagine
Going on another day
But I don't stop believing
Don't stop believing
I can't stop believing there's
Another way
