Summer's really coming  
Summer's on it's way  
No more hearing that school bell ring  
School let out today

Summer's really coming  
I got myself a date  
Lots of swinging parties and having fun  
I think I'm gonna stay out late

Spend all day at the swimming pool  
Getting tan and keeping cool  
Spend the whole day messing 'round  
Climb in we're gonna drive all over town

Spend all day at the swimming pool  
Getting tan and keeping cool  
Spend the whole day messing 'round  
Climb in we're gonna drive all over town

Summer's really coming  
Summer's on it's way  
No more hearing that school bell ring  
School let out today
