Have you ever been so down, down
That you don't really know what to say
You tried and tried to do what's right, right
And it seems more stuff comes your way

So you unplug all the phones
Just wanna be left alone
Praying for a better day

Then I hear your sweet voice
(Don't worry)
Will you be there, yeah yeah
(In a hurry)
You know I've been hurt before
(I see you)
Don't wanna be hurt no more no, no
(Never leave you no)
Don't worry, don't worry, don't worry

See people always talkin' about, 'bout
The things that they've been going through
But you can't tell me how I feel, feel
Until you walk in my shoes

See I'm tired of being down
Fake people all around
Want someone to love me for me, me

Then I hear your sweet voice
(Don't worry)
Will you be there, yeah yeah
(In a hurry)
You know I've been hurt before
(I see you)
Don't wanna be hurt no more no, no
(Never leave you no)
Oh, don't worry, don't worry, don't worry

When the rainbow cannot be found
And so called best friend, you're not around
I open my eyes and realize
You were always there

Then I hear your sweet voice
(Don't worry)
Will you be there, yeah yeah
(In a hurry)
You know I've been hurt before
(I see you)
Don't wanna be hurt no more no, no
(Never leave you no)

Then I hear your sweet voice
(Don't worry)
Will you be there, yeah yeah
(In a hurry)
You know I've been hurt before
(I see you)
Don't wanna be hurt no more no, no
(Never leave you no)
Oh, don't worry, don't worry, don't worry, don't worry
