Hey hey hey  
Thought I had it together now  
Hey hey hey  
Thought I could handle the weather now  
Hey hey hey  
Thought I'd make it on my own  
Hey hey hey  
But now I see I was wrong  
Hey hey hey  
Life ain't the same when you're not with me  
Hey hey hey  
I feel a change when you're near me  
Hey hey hey  
I am not afraid to be strong  
Hey hey hey  
I know I'm never alone, alone

When no one's around and the rain's falling  
down, you cover me  
When I can't see a light and my days turn to night  
you rescue me, I hope they see

Can't make it without you,  
Aint a good day without you,  
And if they say, I'm crazy about you  
I just want everybody to see,  
When they look at me, I hope they can see,  
I just want the whole world to see,  
I'm in love with you

OoooWhoaaaa, I'm in love with you  
OoooWhoaaaa, I'm in love with you  
OoooWhoaaaa, I I I I I I I

Hey hey hey  
I was hurting but I'm better now  
Hey hey hey  
And how you work it all together now  
Hey hey hey  
It just blows me away  
Hey hey hey  
With you, there is no mistakes

And in case if I fall, I'm so glad I can call, you  
rescue me  
Every time, every day, I'm amazed how your praise  
it carries me, so they can see

Can't make it without you,  
Aint a good day without you,  
And if they say, I'm crazy about you  
I just want everybody to see,  
When they look at me, I hope they can see,  
I just want the whole world to see,  
I'm in love with you

OoooWhoaaaa, I'm in love with you  
OoooWhoaaaa, I'm Jesus I'm in love with you  
OoooWhoaaaa, I I I I I I

So come let us bring every care, and let's sing, to a God  
who supplies everything  
His love is deep, till the end, and when new life begins  
(not sure on this part), lift our hearts so the whole world  
can see, can see

Hey hey hey s

Can't make it without you,  
Aint a good day without you,  
And if they say, I'm crazy about you  
I just want everybody to see,  
When they look at me, I hope they can see,  
I just want the whole world to see,  
I'm in love with you

OoooWhoaaaa, I'm in love with you  
OoooWhoaaaa, I'm in love with you  
OoooWhoaaaa, I'm Jesus, I'm in love with you  
OoooWhoaaaa, I I I I I I

OoooWhoaaaa, I'm you been good, I'm in love  
with you  
OoooWhoaaaa, I'm you been kind, I'm in love with  
you  
OoooWhoaaaa, I'm you been grateful, I'm in love  
with you  
OoooWhoaaaa, I I I I I I I'm in love with  
you, yea, let's go, whoa!!!
