[Verse 1:]

Ooh, susperstar
Never drove around in a fancy car
Kids looked at me funny
Momma she had no money but she always told me,
"Baby, know who you are"
I say ooh, don't you know
It was hard always wearing my cousin's clothes
Can you hand me down a dream with those hand-me-
down jeans?
Thought I'd never make, but I made it y'all, 'cause I
had...

[Chorus:]

Jesus
When I had nothing, had to struggle, and was up to no
good
Jesus
The reason I'm still breathing is 'cause
Jesus[x3]
I's crazy how you love me even when I don't love you
like I should
Jesus[x3]

[Verse 2:]

Ooh, look at me
I know I'm now all I'm supposed to be, I'm gonna get it
right, didn't get here overnight, so while you're waiting
please wait patiently
I say ooh, it's so sweet to know that you were always in
love
Thought my game was clever, but no one can play me
better than you
You know you always win cause you're

[Chorus:]

Jesus
When I had nothing, had to struggle, and was up to no
good
Jesus
The reason I'm still breathing is 'cause
Jesus[x3]

I's crazy how you love me even when I don't love you
like I should
Jesus[x3]

[Bridge:]

Ooh

When I think about your name I go

Ooh

How you took away my pain I go Ooh

Every night at the club

Ain't no wife at the club

That Jesus he be showing me love

They said I wasn't gon' make it Kirk

I know how that sound

It's only by His grace I can say 'look at me now' If you
love this joint right here

I want you to call your radio station in the morning

And I want you to tell'em Hey Mr. DJ

Can you play my favorite song? [Will you play my
favorite?]

I heard it say it's gonna get better We gon make it out
the hood someday

Hey Mr. DJ

I wanna hear that song about Jesus

I heard my mama crying, I gotta let her know He's
gonna wipe her tears away

You are listening to the sound of a brotha who should
be dead right now

But I'm so glad God didn't give up on me!

Ain't you glad he didn't give up on you?

What's His name?

[Chorus:]

Jesus

When I had nothing, had to struggle, and was up to no
good

Jesus

The reason I'm still breathing is 'cause

Jesus[x3]

I's crazy how you love me even when I don't love you
like I should

Jesus[x3]
