Words & Music by Kirk Franklin

CHORUS

Savior, more than life to me
You are the joy and air I breathe
No other lover shall there be
That makes my spirit sing
Hold me close don't let me go
You're the only friend I'll ever know
That is why I love You so
More than life to me
More than life to me

More, more

I've been searchin' and You are
More, more, more
Yes, You are

You are more than life to me
Yes, You are
That is why I love You so
More than life to me
