Lately I've been thinkin'
Thinkin' 'bout you
And all the things
I've seen you go through

Your mother, the kids and
The problems at home
Sorry I wish I
Could fix what's wrong

I hurt when you hurt
I cry when you cry
Even the deep ones
Sometimes wonder
Why am I going through
I'm waiting but still no use

He's still in control
He's sovereign and He knows
Just how it feels to be afraid
Have folk you love walk away
Be still and know He's still in control

Lately depression
Your job and your life
Weighs on your mind
All day and all night

You know every scripture
And what prayer to pray
Only a fool would think
It'll all go away

But there is the use
For you there's a plan
A High Priest who knows
And who understands
What you cannot say
Just a little longer can you wait

He's still in control
He's sovereign and He knows

Just how it feels to be afraid
Have folk you love walk away
Be still and know He's still in control

Oh, don't know what tomorrow will bring
Or if this sickness will ever leave
You can paint a perfect picture
But will it ever look like it used to be

See, one thing I know for sure
This season made you stronger and more mature, oh
Can't you see how far you've come
And when you look back
It's gonna be worth it, oh

He's still in control
He's sovereign and He knows
Just how it feels to be afraid
Have folk you love walk away
Be still and know, be still and know
Be still and know He's still in control

He's still in control
He's still in control
He's still in control
He's still in control
He's still
