Everybody wanna be like You they want power and
grace like You but
See there is no God like our God there's no one like
You
Who gave their life like You and who paid our price like
You see
There's only one God that's our God there's no one like
You

Who can touch like You or heal us like You do
We stumble and we stray still You always get us
through
Who make all things new and comes to our rescue
Death hell and the grave they could not concur You

Became just like me to unlock and set free
This prison that was deep
Rewarded and redeemed the me I could not see

Chorus

Some may worship things but what joy do they bring
They try to hide mistakes but can they set us free
See where would we without Calvary

A king upon a tree so the whole world can see

You became just like me to unlock and set free
This prison that was deep
Rewarded and redeemed the me I could not see

Chorus

Healer Father Savior
Counselor Friend Provider
Wasn't sad forever
That's why I just want to be where You are
I'll travel life with You no matter how far
Repeat

Hey hey hey....Repeat

Became just like me...etc
Everybody wanna be like...etc
There's no one like...etc
