"Save The World"

Visit "[Save The World](#)" on MotoLyrics.com

There's an underlying feeling buried at the very core of
who we are deep down inside
And everything comes down to this
Can you feel this fire burning up inside of you

Don't you know (don't you know)
that we could be the ones to save the world
(Hope you know) (hope you know)
that we could be the ones to save the world

An open heart means open eyes
baby steps to feel alive
hope and trust in faith and love
it carries on
light a fire inside of me
bring the system to its knees
we will rise
with fire in our eyes

(Don't you know) (don't you know)
That we, we could be the ones to save the world
(Don't you know) (don't you know)
that we
we could be the ones to save the world

And we will rise with fire in our eyes
and we will rise with fire in our eyes
GO! (go)

Hope you know (don't you know)
That we, we could be the ones to save the world
(don't you know)
that we, we could be the ones to save the world
to save the world
