There's nothing that I could say
That could take these words away
Sometimes apologies fall short
Weak moments plus ignorance
Equates to how I'm feeling since
I drove this knife into your back,
Yeah!

If I could
Then I would
I'd take this all away from you [x2]

There's nothing that I could do
That could make this up to you
Futility my middle name
I'll get down on both knees
Pray that this hurts you less than me
Another lesson learned too late,
Yeah!

If I could
Then I would
I'd take this all away from you [x2]

Look into these eyes
Do my tears apologize
A second chance too much to ask

Look into these eyes
Do my tears apologize
A second chance too much to
A second chance too much to

If I could
Then I would
I'd take this all away from you [x2]

If I could (Then I would)
If I could (Then I would)
I'd take this all away from you
