Close your eyes and count to 10
You can let this start now
You can start your heart now
The difference in-between
Who you are and who you could be

Are you alone tonight?
Are you afraid?

And now you're staring at the sky
Your permission slip is signed
That let's you feel alive
You hold your breath
I'll hold your hand
Maybe one day we could even learn to stand

Are you alone tonight?
Are you afraid?

We stand under your star tonight
We stand under your love for life
We are, we are alone
Child nevermore
We are never alone

Are you alone tonight?
Are you afraid?
