Always thought that it's ironic  
That what makes us so plutonic  
Has only made us tighter  
Visionary and a fighter  
How can we just walk away  
See all this hurting every day  
We'll watch this fire burn itself out  
While we'll live our lives  
We'll live this life in doubt

Disfunctional  
Rejectional

This circle is so vicious  
It's meaning is fictitious  
Hold on to each other  
My sister and your brother

We both know  
What we've been through  
Did this together me and you  
Walked through this suburban  
Nightmare  
Got that scars on our hearts  
To prove we were there

Disfunctional  
Rejectional

Just intoxicate our lives  
With everything that we despise  
And these sugar coated lies  
You fed us to feel alive  
No

Whoa, we'll never know  
Whoa, we may never know  
With everything we're shown  
And everything were told  
And always feeling cold

Somehow, Someway,

We made it to today

Somehow, Someway,  
We made it to today
