

## Kiros "Hold Your Breath"

Visit "[Hold Your Breath](#)" on [MotoLyrics.com](http://MotoLyrics.com)

You have come too far  
(Have come too far)  
Going back is closer to the start from where you are  
There's too much at stake  
(Too much at stake)  
There's no turning back when you've got everything it  
takes

So don't let go  
As if the story's told  
You hold your breath  
Still waiting  
Let courage define who you are  
And fall into these arms  
You hold your breath  
Still waiting

Despair  
Will chase your heels  
Blur the lines between the real  
And everything you feel

Still words could never tell  
(Could never tell)  
The hope I have in you to rise  
To rise above this hell

So don't let go  
As if the story's told  
You hold your breath  
Still waiting  
Let courage define who you are  
And fall into these arms  
You hold your breath  
Still waiting

Rise and fall  
You are more than dust  
(More than dust)  
You are deeply loved  
(Deeply loved)  
They've never loved you

But I've loved you all my life  
(I have loved you all my life)

What does it take to see?  
(I have loved you all my life)  
What does it take to see?  
(I have loved you all my life)  
You want your knight in shining armour  
Would you let him rescue you  
When all of your excuses seem to comfort you?

So don't let go  
As if the story's told  
You hold your breath  
Still waiting  
Let courage define who you are  
And fall into these arms  
You hold your breath  
Still waiting
