Maybe only God knows all my struggles, they go on
silently
But everything that I've believed in is in question
violently
I'm playing this one down
I'm losing ground

Can we please be honest?
I can't believe the things you say!
I'm hanging on so everybody sing along
Can't find the words to make you stay

Finding myself turned inside out and upside down on
the floor
Making lists of everything I can or can not handle
anymore
I'm reaching out
I'm calling out

Can we please be honest?
I can't believe the things you say!
I'm hanging on so everybody sing along
Can't find the words to make you stay

Can we please be honest?
I can't believe the things you say
[x2]

This could mean everything
If everything is beautiful to you
Why are you throwing it away?
I can't stand your indifference honestly you're breaking
my heart
Cries out I'm calling out

Can you hear me say?
I'm calling you
Can you hear me pray?

I'm on my knees every night breaking down under the
pressure
I can't handle all these words are tearing me apart
