We are the target market  
Targeting the market  
Forget everything you are  
We are beautiful and flawed  
We are the truth but we are frauds  
So close too far

Let's take a second for some second thoughts  
Remember everything you swear that you are not

Don't sleep tonight, don't cross the line  
'Cause everything you need  
Will bring you to your knees  
You breathe it in like oxygen  
That tears right through your lungs  
They will tear right through your lungs

We feel love we feel hate  
We are so brave we are afraid  
This is our war  
This hope does motivate our will  
This fear could keep us standing still  
Who's keeping score?

Let's take a second for some second thoughts  
Remember everything you swear that you are not

Don't sleep tonight, don't cross the line  
'Cause everything you need  
Will bring you to your knees  
You breathe it in like oxygen  
That tears right through your lungs  
They will tear right through your lungs

There are wolves outside tonight  
(I can hear them breathing now)  
There are angels here inside  
Who fight for us  
In the end we all decide  
(You takes our lives)  
In the end we all decide

Don't sleep tonight, don't cross the line  
'Cause everything you need  
( 'Cause everything you need)

Don't sleep tonight, don't cross the line  
'Cause everything you need  
Will bring you to your knees  
You breathe it in like oxygen  
That tears right through your lungs
