But, I keep seeing her face  
Girl, I don't want to lose  
In love's Imaginary race  
I keep telling' myself  
Don't wanna love her again  
But, I keep falling for some reason  
It's so hard to be a man  
(chorus)  
It's a reason unknown  
But, not new to mankind  
And not a man in this world  
Has found a cure or a sign  
This feeling won't let me live  
Won't let me die with the pain  
I'm so damn confused  
Hope I'm not falling again  
(bridge)  
I'm thinking of you  
but, I keep feeling her pain  
Girl, I don't want to fall  
For a blackheart again  
(Repeat chorus)  
(Ad lib fade)
