Blank stare
At a white screen
Double click
Hurry please
There's so much space
Between us
Slowly closing in

Cell phone, ring tone
Message light
When no-ones home
There's so much space
Between us
Slowly closing in

You were the laughter
Gave me my sunshine
Sweet everafter
Came and took you away
All that I wanted
Was someone to hold me
All that I'm left with
Is yet another bad day

Broken bottle
On the street
A picture torn
In half to keep
A shell
That's washed up
On the beach
A shoue box
Full of bitter sweet
Oh, bitter sweet

Slowly closing in

Eyes that look
The other way

Words with
Not a thing to say

Games there's no one
Left to play
Nothing left
But empty space

You were the laughter
Gave me my sunshine
Sweet everafter
Came and took you away
All that I wanted
Was someone to hold me
All that I'm left with
Is yet another bad day

It's never over
When all I do
Is torture myself
It's never over
I'm still stuck here
Under your spell
It's never over
When I
I'm drowning
In my wishing well

You were the laughter
Gave me my sunshine
Sweet everafter
Came and took you away
All that I wanted
Was someone to hold me
All that I'm left with
Is yet another bad day
