I didn't want to listen, now I've got to pay.  
Out here on a mission. If it doesn't go my way..  
all will be forgiven, this I won't forget, no.  
I got a condition, makes me act so strange.  
Goes into remission then it overtakes my brain.  
Beat into submission, I'm going up, down and up  
again.  
Been bouncing off the walls, nothing can break my fall.  
Trying to keep on breathing.

You make it easy to break down, easy to turn around,  
easy to walk  
away.  
But I don't know how to stay away, you keep pulling  
me in again and I  
can't live  
With or without you. With or without you.

You can push me down but you'll never hold me  
under.  
You can slap me around but you'll never steal my  
thunder.  
I always come out swinging, every time.  
Out here on a limb like a puppet on a string  
Just a slipping on my teardrops, dancing when the beat  
stops  
Checking for a heart beat to get me up, down and up  
again

Been bouncing off the walls, nothing can break me now  
I'm trying to keep on dreaming.

You make it easy to break down, easy to turn around,  
easy to walk  
away.  
But I don't know how to stay away, you keep pulling  
me in again and I  
can't live like this  
Not like this

Get me off this ride it's got me so sick inside.  
Let me off where I got on before it all went wrong.

Get me off this ride I can't see what's in front of my eyes.

It's spinning me in circles, spinning me in circles.

You make it easy to break down, easy to turn around,  
easy to walk

away.

But I don't know how to stay away, you keep pulling  
me in again and I

can't live

You make it easy to break down, easy to turn around,  
easy to walk

away.

But I don't know how to stay away, you keep pulling  
me in again and I

can't live

With or without you. With or without you.
