the questions in my mind  
relay a thousand times  
im breathin, still breathin  
and i'll awake again\*  
the killer dream till then\*  
im frozen, yet burnin up, inside

beautiful danger, beautiful danger  
beautiful danger, im leavin u  
beautiful danger, can this leave me so high

im not involved in this  
I've just framed ur kiss in my mind  
my heart is on ice  
and if u should break through  
there's nothing i won't do  
I don't want to land,  
you're touchin me without hands  
yea you're touchin me without hands

beautiful danger, beautiful danger  
beautiful danger, im leavin u  
beautiful danger, im leavin u  
beautiful danger  
yea you're touchin me without hands  
beautiful danger, beautiful danger  
beautiful danger, im leavin u
