Why is it when I wake up every day  
You words run into everything  
That I might say  
Every thought every smile  
Find it's way back to you  
Every step that I take  
Everything that I do  
Oh, I haven't forgotten you  
When the telephone rings  
My hands start to shake  
Seems that I give  
So much more than I take  
Every thought every smile  
Finds it's way back to you  
Every step that I take  
Every thing that I do  
Oh, I haven't forgotten you  
Pretty tunes don't mean a lot  
But you that it's for you  
They don't have to say a lot  
But it's all that I can fo  
And you know that it's for you  
And whatever you do  
Doesn't change the way I feel  
You're all that is love  
Everything real  
Here I am looking for love and affection  
Here they come again  
Hope they're gonna find me
