He blew into town like a paper sack
In a stolen car with a shotgun in the back
He said, "She can't run now, she can't hide
I'm gonna get her back for her lies, lies, lies"

Well, he taught her how to pout
And he taught her how to tease
And he taught her how to beg

When she fell down to her knees
He said, "Your face is different
But you're really all the same
I have to teach you a lesson again and again"

See, I feel no pleasure and I feel no pain
So what else can I do? I can't stop killing you
Can't stop, I can't stop killing you
Can't stop, I can't stop

When you're out there in the dark
I'll come rushing through your brain
When you wake up in the morning
I'll be coursing through your veins

When you're swimming in the water
I'm the hand that drags you under
I'm the lightning that strikes you
Just before you hear the thunder
A, ooh, I can't stop killing you

Well, she woke up in the bathroom
With her face upon the floor
She said, "I don't know what I'm doing here
But I've been here before"

And the fixit man had fixed her
'Cos he's such a little Hitler
And he loves the feel of power
That she gives him through her terror
A, ooh, I can't stop killing you

Well, she looked into the mirror

As she smoked her cigarette
And she wondered where she'd go now
To find a place she could forget
All the things he said he'd do

I can't stop killing you
Can't stop, I can't stop killing you
Can't stop, I can't stop

When you're out there in the dark
I'll come rushing through your brain
When you wake up in the morning
I'll be coursing through your veins

When you're swimming in the water
I'm the hand that drags you under
I'm the lightning that strikes you
Just before you hear the thunder
A, ooh, I can't stop killing you

Can't stop, I can't stop killing you
Can't stop, I can't stop killing you
Can't stop, I can't stop killing you
