Baby, baby won't you
Won't you tell me
Tell me the one good thing about love
Oh I need to know now

Baby, tell me the one good thing about love
Oh I need to know now

Show me I'm the one
The one that means more to you
Than ooh, the morning sun
Show me I'm more to you
Than ooh, imagination
Show me the one good thing baby

Won't you show me
Show me baby
Show me the one good thing about love
Oh I need to know now

Baby show me the one good thing about love

Oh I need to know now

Tell me I'm the one
The one that means more to you
Than ooh, the morning sun
Tell me I'm more to you
Than ooh, imagination
I can see, I can see
Baby

One good thing
Tell me I'm the one
The one that means more to you
Than ooh, the morning sun
Show me it's more than just my imagination
Tell me the one good thing, one good thing
Oh, about love, love, love, love
