Baby, now that you've made up your mind  
I'm gonna let you go  
If that's what it takes to show love is blind  
I gave you the best love you ever had but it wasn't  
enough

So if you think you're so smart  
Go an' play with your heart  
When you walk out the door  
You'll realize what you never did before

A million to one  
(That's what it will be)  
A million to one  
(There's someone better than me)

A million to one  
(No, you never will find)  
A million to one  
(Another love like mine)

Yeah, we chose our sides  
An' I've been misunderstood  
But everytime I try to open your eyes  
I'm damned and I'm no good

Day after day, you're further away, I can't take  
anymore  
So it's time that you go, but I want you to know  
I won't stand in your way  
Deep in my heart I know, girl, you're runnin' away

A million to one  
(That's what it will be)  
A million to one  
(There's someone better than me)

A million to one  
(No, you never will find)  
A million to one  
(Another love like mine)  
A million to one

One of these days you'll come out of your haze  
No matter what you do  
It'll be too late, somethin' good won't wait  
Love is runnin' out on you

A million to one, a million to one

A million to one  
(That's what it will be)  
A million to one  
(There's someone better than me)

A million to one  
(No, you never will find)  
A million to one  
(Another love like mine)

A million to one  
(Listen to your heart, girl)  
A million to one  
(Oh, oh)

A million to one  
(No, you never will find)  
A million to one  
(Another love like mine)

A million to one  
(No, you never will find)  
A million to one  
(Another love like mine)

A million to one, a million to one  
A million to one, a million to one
