[Verse]
Heaven, please send me someone to love
Angels know what I've been dreaming of
Tell me about your fantasies
You know what I need tonight
Baby, you and me, we're like TNT
Light the dynamite

[Chorus]
Too much trouble (too much trouble)
Double that ... (double ...)
Danger you
Danger me
Danger us

[Verse]
I know, people don't always know what they need
Passion play can make a lonely heart bleed
I don't want my candy sweet
You don't want your lovin' nice
Everytime we meet, we're like TNT
Light the dynamite

[Chorus]

Too much trouble (too much trouble)
Ready, steady, ... (ready, steady, ...)
Danger you
Danger me
Danger us

Well, alright!
Danger us!
Ooh, yeah-yeah!

Yeah!

[Guitar Solo]

Tell me about your fantasies
You know what I need tonight
Baby, you and me, we're like TNT

Light the dynamite

[Chorus]

Too much trouble (too much trouble)
Ready, steady, ... (ready, steady, ...)
Danger you
Danger me
Danger us

Wow!

Oh yeah...
