You tell me that you're leavin', and I'm trying to understand  
I had myself believing, I could take it like a man  
But if you gotta go, then you gotta know that it's killin'  
me  
And all the things I never seem to show, I gotta make  
you see

Girl, it's been so long, then tell me, tell me, how could it  
be?  
Don't one of us knows, the two of us don't belong in  
each others company?  
It hurts so much inside, your telling me goodbye, you  
wanna be free  
You're knowin' that you're gone and leavin' me behind  
I gotta make you see, I gotta make you see, I gotta  
make you see

But I still love you, I love you  
Oh, I really, I really love you, I still love you, yeah

You people tell me, I should win at any cost  
Ooh, but now I see as the smoke clears away  
The battle has been lost, lost

I see it in your eyes, you never have to lie, I'm out of  
your life  
Tonight I'll dream away and you can still be mine  
But I'm dreamin' a lie, dreamin' a lie, makes me wanna  
die

'Cause I still love you, I love you  
Baby, baby, I love you, I love you  
Aah, aah, aah, aah

And when I think of all the things you'll never know  
There's so much left to say  
'Cos girl, I see the price of losin' you, will be my half to  
pay  
My half to pay, each and every day, hear what I say

I still love you, I love you

Oh, I really, I really love you, I still love you  
Baby, baby, I love you, I love you  
Oh, I really, I really love you
