Oh yeah
Now lets ROCK AND ROLL ALL NITE AND PARTY EVERY
DAY

You show us everything youve got
Keep on dancing and the room gets hot
You drive us wild we'll drive ya crazy

You say you wanna go for a spin
The party's just begun we'll let you in
If you drive us wild we'll drive ya crazy

You keep on shouting
You keep on shouting

Cmon

I wanna rock and roll all nite
And party every day
I wanna rock and roll all nite
And party every day
I wanna rock and roll all nite
And party every day
I wanna rock and roll all nite
And party every day

You keep saying you'll be mine for a while
You look fancy and I like your style
You drive us wild and we'll drive ya crazy

You show us everyting you've got
Oh baby baby that's quite a lot
You drive us wild we'll drive ya crazy

You keep on shouting
You keep on shouting

I can't HEAR YOU

I wanna rock and roll all nite
And party every day
I wanna rock and roll al nite

And party every day
I wanna rock and roll al nite
And party every day
I wanna rock and roll al nite
And party every day

You keep on shouting
You keep on shouting

What?

I wanna rock and roll al nite
And party every day
I wanna rock and roll al nite
And party every day
I wanna rock and roll al nite
And party every day
I wanna rock and roll al nite
And party every day
