I've been working at my job, slaving like a dog all day
And I've been thinking about you, girl
And watching the minutes slip away
Yeah, and I know there's someone inside me that
nobody sees
And I know in the darkness you're gonna be reaching
for me
I'm a legend tonight
Gonna make you feel right
When you reach for the light
I'm a legend tonight
I'm a legend tonight, legend
Gonna make you feel right, legend
When you reach for the light, legend
I'm a legend tonight

You know they try to slow me, sometimes I think I'm
gonna stop
But I gotta keep on going, believing in 5 o' clock, yeah
And on the edge of the darkness we'll be living in
another world
And I know that a part of you's gonna be part of me,
girl

I'm a legend tonight, legend
Gonna make you feel right, legend
When you reach for the light, legend
I'm a legend tonight, legend
I'm a legend tonight, legend
Gonna make you feel right, legend
When you reach for the light, legend
I'm a legend tonight
Look at me

I don't know what happens when the race is run
I don't know what tells me if I've lost or won
But I know that I'll make it through the day alright
And girl, you're gonna find out

I'm a legend tonight, legend
Gonna make you feel right, legend
When you reach for the light, legend

I'm a legend tonight, legend
I'm a legend tonight, legend
Gonna make you feel right, legend
When you reach for the light, legend
I'm a legend tonight, legend
I'm a legend tonight, legend
Gonna make you feel right, legend
When you reach for the light, legend
I'm a legend tonight, legend
I'm a legend tonight, legend
Gonna make you feel right, legend
When you reach for the light, legend
I'm a legend tonight, legend
