It's so sad, livin' at home  
Far from the city and the midnight fun  
It's so bad, goin' to school  
So far from me and the dirty things that we do

I'm the King of the night time world  
And you're my headlight Queen  
I'm the King of the night time world  
Come live your secret dream

It's so fine, lovin' with ease  
Far from the house and the family fights  
It's so fine, bein' with you  
Bein' with me makes everything alright

I'm the King of the night time world  
And you're my headlight Queen  
I'm the King of the night time world  
Come live your secret dream, alright

I feel sad, you're not content  
Far from the music and the neon glow  
Ain't you glad we got the time?  
Far from our folks, they'll never ever know

I'm the King of the night time world  
And you're my headlight Queen  
I'm the King of the night time world  
Come live your secret dream

I'm the King  
I'm the King  
I'm the King  
I'm the King  
I'm the King  
I'm the King  
I'm the King  
I'm the King

I'm the King of the night time world  
And you're my headlight Queen  
I'm the King of the night time world

Come live your secret dream

I'm the King of the night time world  
And you're my headlight Queen  
I'm the King of the night time world  
Come live your secret dream

I'm the King of the night time world  
And you're my headlight Queen  
I'm the King of the night time world  
Come live
