As I sit here and think
about all that I'm missing
all that I'm missing
I've got everything that
I could ever ask for but you
all my past time is spent
wondering how you've been
wondering how you've been
but the more that you're on my mind
I'm just lonely and blue can't you see

Why can't you be with me to hold me tight?
Just being with you will make everything better and
bright

I wanna have you by my side
you always make it right
And without you my heart starts to cry
How will I ever go on?
how will I stay strong?
Do you see without you, my soul dies?

I stayed up all night
remembering what we had
remembering what we had
And I can't sleep a wink
cuz thinking of you makes me sad
yes you do

I can't seem to shake you off my mind
Just wanna go back in time to just press rewind

I wanna have you by my side
you always make it right
And without you my heart starts to cry
how will I ever go on?
how will I stay strong?
Do you see without you, my soul dies?

You're all that I want
you're all that I need

So why don't you come back baby please

I want to have you by my side
you always make it right
And without you my heart starts to cry
how will I ever go on?
how will I stay strong?
Do you see without you, my soul dies?

I wanna have you by my side
you always make it right
And without you my heart starts to cry
How will I ever go on?
how will I stay strong?
Do you see without you, my soul dies?
