Open the door and let the night come crawlin' in
Take a bite of the core of the original sin
Yeah, you're ready for more
But you just don't know where to begin (yeah you do)

This is your last chance to get it right
Do your dance on the edge of the knife
It's your last chance so just roll the dice
'Cause nobody here is getting out alive

You want it, you need it so get on the ride
Yeah, you heard you'll be sorry but you know that they
lied
Yeah, there's so much here that you wanna see
You'll give it up eventually, yeah, yeah
So come on and open your eyes
You gotta live or you die

Hey!
Your last chance

This is your last chance to get it right
Do your dance on the edge of the knife
Do your dance, dance, dance on the edge of the knife
Let's go!

This is your last chance, yeah
This is your last chance, right
This is your last chance
Yeah!
