Paul Stanley

It's time for everyone to listen good  
We're taking all we can stand  
You've got the power to rip down these walls  
It's in the palm of your hand

Rip, rip, rip and destroy  
You know the hour's getting late  
Rip, rip, rip and destroy  
Break it down and seal your fate

It's time for everyone to listen good  
We're taking all we can stand  
You've got the power to rip down these walls  
It's in the palm of your hand

Rip, rip, rip and destroy  
You know the hour's getting late  
Rip, rip, rip and destroy  
Break it down and seal your fate

Rip, rip, rip and destroy  
You know the hour's getting late  
Rip, rip, rip and destroy  
Break it down and seal your fate
