I'm feelin' low, no place to go
And I'm a-thinking that I'm gonna scream
Because a hotel all alone is not a
Rock and roll star's dream
But just when I'm about to shut the light and go to bed
A lady calls and asks if I'm too tired or if I'm just to
dead for

Room service, baby I could use a meal
Room service, you do what you feel
Room service, I take the pleasure with the pain
I can't say no

My plane's delayed and I'm afraid
They're gonna keep me waiting here till nine
Then a stewardess in a tight blue dress says
"I got the time"

But just as I'm about to take my coat and get my fly
She says "Oh please", she's on her knees
And one more time before I leave I get some

Room service, baby I could use a meal
Room service, you do what you feel
Room service, I take the pleasure with the pain
I can't say no, no

In my home town, I'm hangin' 'round
With all the ladies treatin' me real good
A sweet sixteen lookin' hot and mean says
I wish you would

But just as I'm about to tell her "Yes, I think I can"
I see her dad, he's getting mad
All the time he knows that I'm in need of

Room service, baby I could use a meal
Room service, you do what you feel
Room service, I take the pleasure with the pain
I can't say no

Room service, baby I could use a meal

Room service, you do what you feel
Room service, I take the pleasure with the pain
I can't say no, I can't say no

Room service, baby I could use a meal
Room service, you do what you feel
Room service, you take the pleasure with the pain
I can't say no

Room service, well maybe baby, room service
