She walked in like a lady, with a glass of pink
champagne
I wouldn't look if you paid me 'cause to me she's still
the same

Well you wanna see her, wearin' her heart on her
sleeves
You'd never believe her, she's got a well planned look
in her eyes

She's so European, she's one of a kind, one of a kind
She's so European, she's one of a kind, all in her mind
And she's so European, I found out today

She still speaks with an accent from a week in San
Tropez
She makes love on her brass bed 'cause her parents
are still away

Well you wanna see her, countin' the stars in her eyes
You'd never believe her, she's got a well planned cover
less smile

She's so European, she's one of a kind, all in her mind
She's so European, she's one of a kind, all in her mind
And she's so European, she told me today

I wanna hold her tight all through the night, I must be
dreamin'
I wanna take my time, she's so refined, is that her
screamin'?

I've seen looks in your eyes, you've seen through her
disguise, yeah

She's so European
She's so European one of a kind, all in her mind
She's so European
(She's all in her mind)
She's so European
(Yeah)
She's so European

(Oh yeah)
She's so European
She's so European
She's so European
She's so European
