See the shadow of a stranger.
Turn around and your life's in danger.
This crazy world is in a grave situation.
Check the children, are they sleeping?
Will they wake from the sirens screamin?
Don't blame the heavens this is man's creation.

Shocker! Shocker!
We're led like lambs to the slaughter.
Shocker! Shocker!
We're in the fire and it's just getting hotter.

See the light it's the city burning.
The homeless shudder, cause the leaves are turning.
Winter's coming with it's cold compassion.
A killer's triller stands the dead mans trial.
Cause God's the only witness on file.
Man's inhumanity to man is in fashion.

Shocker! Shocker!
We're led like Lambs to the slaughter.
Shocker! Shocker!
We're in the fire and it's just getting hotter.

Shocker! Shocker!
We're led like Lambs to the slaughter.
Shocker! Shocker!
We're in the fire and it's just getting hotter.

We will have the Power.
We will have the Glory.
In our shining Hour.
We will write, our own Story.

We will have our own World.
We will have it our Way.
Standing like a Tower.
The sun will shine, on our Day.

We will have the Power.
We will have the Glory.

In our shining Hour.
We will write, our own Story.

We will have our own World.
We will have it our Way.
Standing like a Tower.
The sun will shine, on our Day.

We will have the Power.
We will have the Glory.
In our shining Hour.
We will write, our own Story.
