(Verse)

Hey, you say you've got your reasons
Why you're walking out on me, hey...
You say I should be leavin'
'Cause there are some places to see

(Chorus)

I think you better stop, look to listen
Realize what you'll be missin'
Stop, look to listen
What are you trying to do (hey hey hey yeah)

I think you better stop, look to listen

(Solo)

(Verse)

Well, you say the end is coming
And that Armageddon's near
Well, you say my judgement day will come
Something I should fear (yeah)

(Chorus)

You better stop, look to listen
And realize what you'll be missin'
Stop, look to listen
Whoa (hey hey hey yeah)

(Solo)

(Chorus)

I think you better stop, look to listen
Realize what you'll be missin'
Stop, look to listen
(hey hey hey yeah)
