I accross the room  
A glass of wine and some sweet perfume  
Next thing I knew  
She was standing right next to me, oh yeah

I told her that I had a submarine  
She said, ["I know exactly what you mean."]  
I told her that my ship was ready to ride  
She touched my heart when she touched my thigh

She said, ["Take me down below.It doesn't matter  
where we go."]  
Yeah, I understand  
Lead me by the hand  
Won't you take me down below, yeah

I took an elevator late one night  
This lady by my side looked like she might  
The doors were closing  
When I asked her to take a ride with me  
Come here baby

She took my finger. ["Here's a button to press."]  
I raised my flag and she dropped her dress  
I'll take you on a cruise you'll never forget  
She said, ["We better move. 'cause I'm already wet."]

She said, ["Take me down below." (Yeah, yeah)It  
doesn't matter where we go. (It doesn't matter where  
we go)]  
Yeah, I understand  
Lead me by the hand  
Won't you take me down below [(take me)]

I took a flight at night from east to west  
I asked the hostess for my flying test  
She threw the covers and we started to rock  
She whispered, ["You can take the bottom or top."  
(yeah)]

C'mon, c'mon

Take me down below [(c'mon down below)]  
It doesn't matter where we go [(it doesn't matter where  
we go)]  
Yeah, I understand  
Lead me by the hand  
Won't you take me down below [(oh yeah)]

Take me down below [(yeah, yeah, yeah, yeah)]  
Won't you take me down below [(you know you want it)]  
Take me down below [(oh yeah)]  
Won't you take me down below
