Far off in the distance, a shape in the night, alright  
On a mission of mercy, if the price is right  
He tries to possess her and she bites  
It's a ritual slaying, but the tables are turned, oh no  
And now he's prayin', but it's his turn to burn

Like a thief in the night - she breaks into his heart  
Like a thief in the night - she never leaves her mark

In a hotel chamber, on a cryptic note  
'Cos where there's fire, there's gotta be smoke, oh no  
Footsteps in the twilight, and red nails 'round his throat

It's a ritual slaying, without strings attached, oh no  
And now he's praying, but there's no turning back

Like a thief in the night - she breaks into his heart  
Like a thief in the night  
Like a thief in the night - she never leaves her mark  
Like a thief in the night - alright, alright

Like a thief in the night - she breaks into his heart  
Like a thief in the night - alright, alright  
Like a thief in the night - she never leaves her mark  
Like a thief in the night

Like a thief in the night (repeats out)
