I wanna take you down
Until the mornin' light
Why don't you come around?
And let me treat you right

I'm the one
Who gave you what you never had
You said I should, be gentle and be good
But hoped to Hell I would be bad

Well I wanna take you
Baby gonna make you
Gimme tough love
C'mon and please me
Take your time and tease me
Gimme tough love

I tie you to the rings
I feel your fever rise
We love to do the things
That others fantasize

And then
You smile and bring me to my knees
But when I try, a gentle lullaby
I swear I hear you sighin' please

Well I wanna take you
Baby gonna make you
Gimme tough love
C'mon and please me
Take your time and tease me
Gimme tough love, tough

I never knew
How much I needed you till now
But now I know
And tonight I'm gonna show you how

And then
I smile and bring you to your knees
And though I try, a gentle lullaby

I swear I hear you sighin' please, please

Well I wanna take you
Baby gonna make you
Gimme tough love
C'mon and please me
Take your time and tease me
Gimme tough love
(Give it to me)
Gimme tough love, tough
