Lets go

Liar, liar, got your pants on fire  
I know you want it  
You know you want it too  
Hey, diddle diddle  
When the cat wants to fiddle  
The kitten's gotta give him the moon

And they say, "You gotta look before you leap"  
And, "We're gonna judge you by the friends you keep"  
But, "You're looking nasty and I'm in too deep"  
You'll be real happy to be losing sleep"

When your walls come down  
When your walls come down  
When your walls come down  
Oh, you get so crazy, when there's no one around

You got your script from a Cosmo guide  
15 ways to find a lover  
Don't you make me chase you  
'Cause the author lied  
You'll get your answers, babe  
Under the covers

You say, "I wanna wait until I'm really sure"  
And, "I want a love to last forever more"  
And, "I've got my pride, I've got my dignity"  
Well, you'll swallow everything when you're with me

When your walls come down  
When your walls come down  
When your walls come down  
Aww, you get so crazy when there's no one around

When your walls come down  
When your walls come down  
When your walls come down  
Aww, you're so,  
Come here baby and aoo

And they say, "You gotta look before you leap"  
And, "We're gonna judge you by the friends you keep"  
Listen, "You're looking nasty and I'm in too deep"  
You'll be real happy to be losing sleep"

When your walls come down  
When your walls come down  
When your walls come down  
Aww, you get so crazy when there's no one around
